WHO WE ARE

A GLOBAL COALITION FOR COLLECTIVE ACTION

The NDC Partnership brings together developed and developing countries and institutions to create and deliver on ambitious climate action to help achieve the Paris Agreement and Sustainable Development Goals.

About the Partnership

COUNTRY DRIVEN, MEMBER LED

POWERING A COLLECTIVE RESPONSE

Governments identify their NDC implementation priorities and the type of support that is needed to translate them into actionable policies and programs.

Based on these requests, the membership offers a tailored package of expertise, technical assistance, and funding.

HOW WE WORK

HOW WE WORK

Mobilizing climate and development action across government and society

- **Responding to requests for support** from country members.
- **Coordinating, aligning and maximizing support** among members.
- **Bringing climate and development goals together** within broader sustainable development agendas by turning NDCs from stand-alone documents into national policies and implementation plans.
- Engaging with a **wide range of stakeholders**: 50% of member focal points surveyed report improved internal coordination on NDC related action.

Follow our [introduction to the Country Engagement Process](#) for more information

EXAMPLES OF YOUTH-RELATED COUNTRY ENGAGEMENT IN ASIA

ENGAGING YOUTH IN NDC IMPLEMENTATION

Youth-related requests and responses

Country	Activity	Supporting Partner
Nepal	Developing an NDC gender equality and social inclusion action plan at subnational level / provinces . This support will mainstream the roles of women, indigenous people, and youths in implementing the NDC target in 7 model provinces. This action plan will include development of a strategy to ensure gender-disaggregated data during NDC reporting.	UNDP WWF GWP
	Organizing two public forums and meetings with targeted groups (youth, media, indigenous peoples, the private sector and academia) to raise public awareness on new NDC targets and gather public ideas and inputs for the NDC revision and implementation process.	Climate Analytics
	Fostering the involvement of Universities and affiliated colleges on research and development on NDC . Organizing stakeholder consultations and training programs for the faculties and students.	UNDP

ENGAGING YOUTH IN NDC IMPLEMENTATION

Youth-related requests and responses

Country	Activity	Supporting Partner
Indonesia	Developing a mechanism to raise the involvement and participation of non-party stakeholder in supporting NDC implementation , including private sector, local government, academia, and youth.	ICLEI UNICEF (both indicative)
Cambodia	Adaptation: Enhancing coordination and implementing accountability mechanisms to reduce climate change vulnerabilities of disadvantaged women, ethnic minorities, the disabled, youths, and the elderly.	UNICEF (indicative)

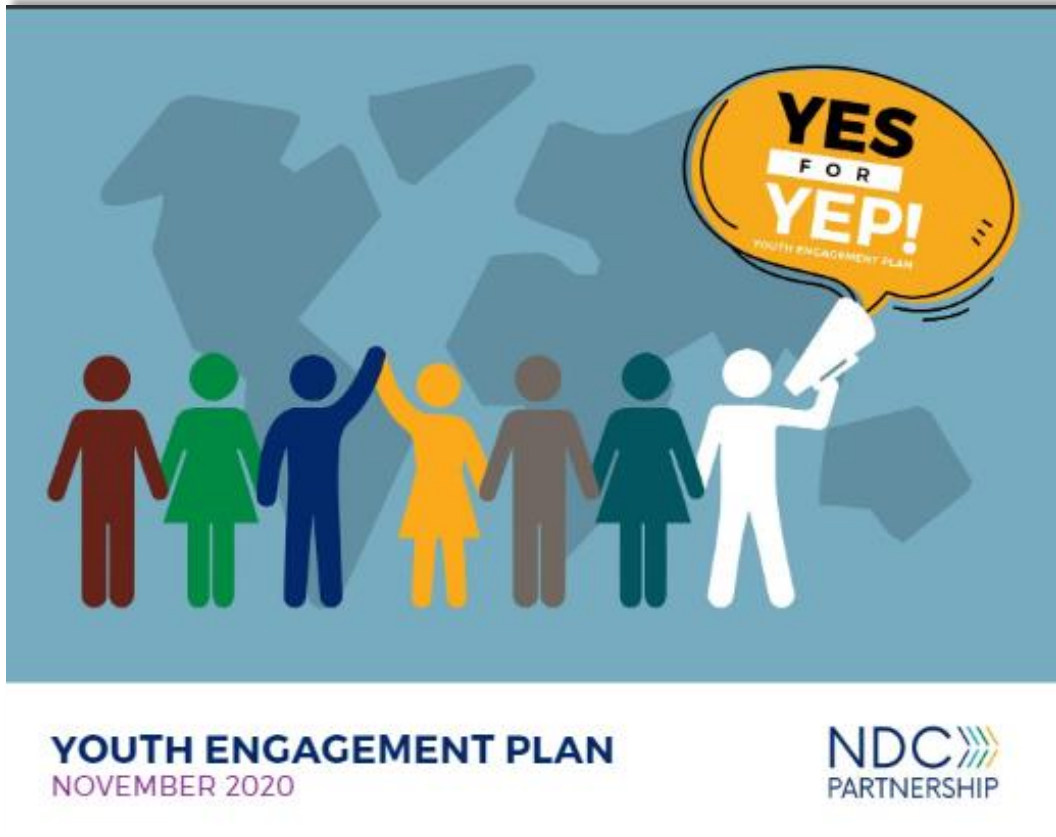

EDUCATION

Youth-related Requests and Responses

Country	Activity	Supporting Partner
Nepal	Developing curriculum and teaching materials on climate change for higher education and short courses, ultimately contributing to the long-term capacity building for enhancement and implementation of NDC.	Climate Analytics
Cambodia	Upgrading curricula to include climate change for non-formal education.	Seeking support
	Training for education officials on climate change, for e.g. as a required component of teacher training.	
	Upgrading curriculum and training methodologies , including libraries, to include climate change subjects in primary schools. Building centers of excellence for delivering climate change courses and research among Universities.

2023 YOUTH ENGAGEMENT FORUM

Register for the 2023 YEF here:
<https://ndcpartnership.org/2023-youth-engagement-forum-shaping-our-future>

- **Four-day event: 6, 14, 20, & 27 July 2023**
 - **Theme:** Shaping our future
 - **Discussion** sessions on leadership, policy, innovation, enabling environment, and the private sectors, as well as **Teach-In** opportunities hosted by partners
 - **Outcomes** of the sessions will be integrated into ongoing support to members and shared with the NDC Partnership Steering Committee.
- **Objectives of the 2023 Youth Engagement Forum**
 - Build capacity for young people to enable them to support and engage in long-term climate action, including around finance, policy, innovation, and leadership
 - Promote dialogue around youth-focused long-term climate planning and finance needs
 - Document successes and challenges to inclusive processes for incorporating young people into investment planning
 - Share and amplify best practices on youth engagement from across NDC Partnership members
